

Catalogue Notes

Items are presented for the most part in the order they will be sold during the LIVE televised auction, Thursday through Saturday February 16, 17, and 18.

In the measurements given, a height is stated first, then width, then depth if applicable. In the case of framed or matted works of art and photographs, measurements refer to the overall size of the framed or matted piece.

“Value” represents the donor’s estimated value of the item or the value recommended by the judges or research. This is not a “minimum” or “price” and is furnished as a guide to prospective bidders.

It is recommended that all items be viewed personally and inspected thoroughly during the pre-air exhibition or preview as imperfections may not be noted in the catalogue.

PreBid Procedures at the Art Preview

From 1-5pm, on Saturday, February 11 and Sunday, February 12, an Art Preview Open House will be held at the Elmo Sackett Broadcast Center, 3877 University Drive, Anchorage. Prebids will be taken at this time on the artwork that will be featured in the Live auction. All those who wish to prebid on the Art Showcase pieces will be required to register with the front desk. Bid sheets for each item will be located on tables in front of the items. Each item will be numbered and that number will be on the bid sheet corresponding to that item or art piece.

Bidders will place their name and phone numbers by the amount they wish to bid. Prebidding obligates the bidder to purchase the item only if the prebid remains the highest bid after the LIVE televised auction occurs. Each item will be taken to bid completion during the Live Art Showcase Auction. If the prebid remains the highest bid, then the bidder making that prebid will be contacted as the successful bidder. During the Open House, there will also be art that can be purchased and taken with the buyer that day. This art will be located in the BUY NOW area upstairs. A special collection of Alaska Railroad art is available for purchase this year as well. It was donated by the family of a past Alaska Railroad conductor.

On-Air Bid Procedure

Bidding is done over the phone by those viewing the auction and in the studio by the live bidding audience. Each item being offered will be described, including the item number and title. If you are outside the studio and see an item on which you wish to bid, immediately pick up the phone and dial 550-8484 or (800)478-5256 and begin your bidding. The operator must take your name and phone number before you are allowed to bid.

The operator will tell you the highest current bid. There are 9 other phone bidders and in-studio bidders that you are potentially bidding against. In the event of two identical bids, the Auctioneer reserves the right to determine which bid he considers first. If you are the highest bidder, a confirmation operator will call you within one hour of the item’s sale to give you instructions for picking up and paying for your item.
